WHAT IS RANDOM MATCH?

A Random Match wallpaper is where there is no pattern match across panels. The wallpaper can be placed in any position without having to worry about the pattern matching up at the sides. The alignment of this pattern match doesn't need to be checked either horizontally or vertically.

QUICK GUIDE

This wallpaper is the easiest pattern match to hang as the pattern has no alignment.

For more information on how to correctly hang your wallpaper, take a look at our full [Guide & Instructions](#).
